

A transmission grid for mutual support with renewable electricity

Tokyo 2019-11-26

Tomas Kåberger

Executive Board Chair of Renewable Energy Institute, Tokyo

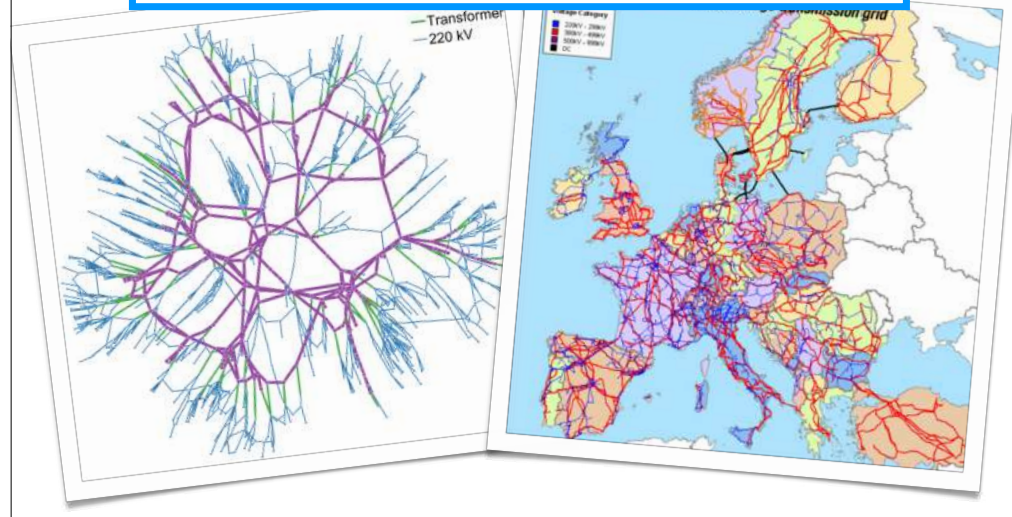

Affiliate professor Chalmers University of Technology

Industrial Growth Executive InnoEnergy

Member of the Swedish Climate Policy Council

Member of the Swedish Royal Academy of Engineering Sciences

Grids are good for producers and good for consumers of electricity

OVERHEAD TRANSMISSION

World's Biggest Ultra-High Voltage Line Powers Up Across China

The 1,100-kV direct-current Changji-to-Guquan project stretches 3,293 km (2,046 miles)
